WILBOR'S COMPOUND OF PURE COD LIVER OIL AND LIME.

A CURE FOR CONSUMPTION, COUGHS, COLDS, ASTHMA, BRONCHITIS, GENERAL DEBILITY AND ALL SCROFULOUS HUMORS.

THE Proprietor has succeeded (from directions of Professor Stone) in combining the Oil and Lime so perfectly that the taste of the Oil which is so nauseous to persons generally is entirely overcome and it can be taken by the most delicate females with pleasure. And as regards the benefit of this article over the clear oil, the following case by Prof Stone, is sufficient to convince the most skeptical. The young lady was twenty four years of age.

Her disease was one of unmixed phthisis which had been expected to terminate in the course of a few months, fatally. The upper part of both her lungs were filled with tubercles, and in some places were beginning to soften. The case was evident to a bad one. The treatment of Cod Liver Oil was at first unfavorable, without marked improvement. The Preparation of Lime was then administered with the oil and the result was in the case of many others, was soon apparent. The patient was rapidly getting well.

Caution.—On account of the great reputation of this Compound for all Lung complaints the subscriber would caution the affected against using any except that manufactured by him as he has the only one in the United States for combining the pure Oil with lime in a proper manner. Therefore as you value your health purchase none except that manufactured by

PROFESSOR ALEX. C. BARRY'S TRICOPHEROUS, or Medicated Compound,

FOR beautifying, improving, and preserving the Hair curing cuts, bruises, burns, stings, chafing, inflammations and all irritations of the skin. A preparation, the sale of which amounts to one million of bottles annually, would seem to need no advertisement, but as the thousands who purchase, use and approve of it have probably no idea of the enormous extent of the business done by Professor Barry, he gives herewith a plain statement of facts derived from his books, and with them readers his earnest and hearty thanks to his innumerable patrons.

Professor Barry's accounts of sales for the year 1852, show that during that year about 210,000 bottles of his Tricophorous were disposed of, and that the cash product of this immense sale was nearly $100,000.

This plain unvarnished tale is a better commentary on the value of the article than any thing its inventor could say. If it were not peerless in its effect upon the hair—if it were not invaluable as a household remedy for cuts, bruises, burns, skin diseases &c.—it would not, of course, be so universally in demand. The wealthy portion of the public would buy it at any price, but Professor Barry has reduced it to a figure so low that the poorest can avail themselves of its benefits.

Sold in large bottles (price 25 cents) at wholesale and retail, at the manufactory and depot 137 Broadway New York and by the principal merchants and druggists throughout the United States and Canada Mexico, West Indies, Great Britain, France &c.

Self Acquired Fame!

DR. JOHNSON'S AMERICAN ANODYNE LINIMENT.

For Internal and External Use.

THIS wonderful Medicine, notwithstanding it has never had the advantage of newspaper publicity, has yet acquired a higher and more extended popularity than any other similar compound in the world. It is entirely of vegetable extract, perfectly safe to be administered even to the most delicate child and alike astonishing and satisfactory in its effects upon man or beast. To those unacquainted with this invaluable medicine we say, Give it a fair trial, and we promise you a radical cure of Coughs, Colds, Asthma, Bronchitis, Whooping Cough, Influenza, Spitting of Blood, and all Lung Complaints, Chronic Diarrhœa, and Dysentery, in all of which cases it should be used internally. The effects of its external application in cases of Rheumatism, Spinal Diseases, Sprains, Chapped Hands, Bruises, Burns, and all descriptions of wounds are magical. Persons troubled with Cramp in the Stomach, Side, or Bowels, Sore Throat, Piles, &c. by a combined internal and external application of this Anodyne, cannot fail of certain and speedy cure. The proprietor can produce volumes of testimonials in its favor but prefers to let it carry its own recommendations, as it has done for forty years past. We ask no man to use it after an unsatisfactory trial. In its composition it unites several of the most penetrating and healing specifics known to the materia medica.—The inventor of this article was in the constant and successful practice of medicine for more than twenty years.

This is to certify that having been troubled for a number of years with a distressing cough, and bleeding at the lungs and receiving no benefit from medical aid, in 1848 I was to all appearance in the last stage of consumption. My legs swelled so that I was unable to stand or help myself. At that time your Linniment was providentially recommended to me and by the use of three or four bottles I was entirely cured, and have since been able to labor every day. I have also for the last twenty years been subject to severe attacks of bloody dysentery, and never found any permanent relief until I took your Liniment, since which I have had no return of this complaint. I can truly say, I think your Anodyne Liniment was the means of saving my life. JOHN T. ATKINS

Brewer, Sept 29, 1852.

Dr. Johnson: Dear Sir—In consequence of having a fever sore on my leg it became entirely stiff at the knee, and it was decided by the best surgeons that my leg must be amputated—but fortunately I heard of your Anodyne Liniment and by using three bottles, my leg was limbered and strengthened, and for a number of years I have been able to use it about as well as the other. I could of myself in hopes to the use of your Liniment through the blessing of Providence for the use of my leg and would say to those who may need it, give it a fair trial, and no doubt you will be cured. PERRY'S HUNGARIAN BALM.

FOR RESTORING, PRESERVING AND BEAUTIFYING

THE HAIR.

THIS elegant preparation is an effectual remedy for Baldness or Falling Off of the Hair. It effectually eradicates Scurf and Dandruff, strengthens the Roots of the Hair, causes it to grow luxuriantly, gives it a Rich Dark Soft and Glossy appearance and prevents it turning Grey. The Hungarian Balm is a purely Vegetable compound, scientifically and chemically combined, and is warranted to contain none of those deleterious ingredients which prove so injurious to the Hair. It acts directly upon the Skin, cleansing and purifying it from all unhealthy secretions thereby removing and preventing the accumulation of Scurf, Dandruff and other impurities which so frequently cause premature decay and loss of the Hair.

The Hungarian Balm is especially adapted to Ladies' use; and those who have tried the various oily and noxious mixtures, with no benefit, will at once discover the agreeable and beneficial effects produced by this pure and delicate preparation.—Instead of Matting and Tangling the Hair (which it more or less pulls out in the process of combing) it leaves it free and clean, promotes a natural moisture, and imparts a beautiful dark and glossy appearance. Try it once and you will be convinced of its superiority *over all other Compounds for the Hair.*

Much more might be said in favor of this invaluable Compound but it is deemed unnecessary, as the proprietor feels confident that ONE TRIAL will convince the most incredulous of its rare and meritorious virtues. Therefore

If you have lost your hair and wish to restore it,

If you are losing your hair and wish to preserve it,

If you are troubled with Dandruff and wish to remove it,

If you have any Humor of the Scalp and wish to cure it,

If you are troubled with Nervous Headache and wish to cure it,

If you have any Hair eaters at the Roots of the hair and wish to destroy them

If you have Harsh Dry and Wiry Hair, and wish it to become Soft Pliable and Beautiful as Silk, and if you wish to preserve Rich Graceful and Luxuriant Tresses to the latest period of life

PATENT SELF HEATING SMOOTHING IRON!

MANY important improvements have been made since the beginning of the present century in spinning and machinery and other modern implements, but females have been nearly neglected until the introduction of the *Patent Self Heating Smoothing Iron* which will relieve them in a very great degree from the excessive and fatiguing labor of *Ironing* besides being a great saving of time and expense. This Iron combines economy, convenience, saving of labor and decency, one cent's worth of dry charcoal supplies fuel for a whole days' consumption. PATENT Extension Window Sash.

THE subscriber is prepared to furnish and put up in the fixtures for the Patent Window Sash. This Sash can be taken out of the frame without removing the stop strips, is as tight as to dispense with the necessity of double windows—The upper and the lower sash can be kept in any position, when raised or lowered without weights or catches. It may be applied to old sashes—it is very simple and cheap.

☞ Rights for the several towns in this county are offered for sale.

WHIG NOMINATION
FOR GOVERNOR

WILLIAM G. CROSBY,

THE OXFORD DEMOCRAT AND THE BANGOR CONVENTION

The last number of the Oxford Democrat vigorously sustains the action of the Democratic Convention recently held there and denounces the Bangor Convention.

The subject of its leader is the call for the Convention at Portland, and the editor says that as a reason for it, "that it has been made at the urgent request of the people in every part—in every corner of the State." The people, the true Democracy of Maine, have witnessed with painful dissatisfaction the growing tendency of the Democratic party to centralization and to a monopoly of public patronage. Under this condition of things it rapidly lost her identity as an independent commonwealth.

He then says of the Resolutions passed at the Bangor Convention, "one of them refers exclusively to matters of the Federal Government. The first one resolves, that all political power emanates from the people—the last one resolves, that all political power resides and emanates from Conventions and Conventions. One endorses the candidate for Governor. One resolves the Democratic party strong and invisible! Only one of all these resolutions has the name of Maine in it, and that only once, and not then to refer to a State policy, or to State interests, but simply in the mouth of the party.

"Now let any good, intelligent, sober Democrat sit down and examine this matter and reflect upon it, till he is fully acquainted with all its bearings—just as he would lay out a farm, erect a building, or build a ship, and we think he will be utterly astonished and ashamed, that not one single interest in Maine is worthy of attention or mention by a Democratic State Convention! The general, centre government first—the party next—the Commonwealth of Maine, nothing!

"Did the people—the Democracy of Maine—attend their Convention? and are these Resolutions the only ones about which they have any interest? Could the people of Maine, when assembled in Convention by their Delegates, think of nothing that demanded their regard except the business of the general Government, which has already been settled by the last two Conventions? Would they not, if really assembled, think of the agricultural interests—the public lands—the reform school—and all other similar interests of the State? Is the Commonwealth of Maine a State without bones or breath—no head—backbone, or body? Such will be the necessary conclusion of every man, at home and abroad, who reads the proceedings of the Bangor Convention.

"It is, therefore, high time that a Democratic party—a party of the people—who take pride in the growth and prosperity of their native State, assemble together and commence an organization which shall recognize the State of Maine."

We pass over several well written articles relating to the Bangor Convention, Free Union, &c., in which an unequivocal kick is given to that chaotic affair—the Chandler Convention of last year, and other matters, and come to "Old Hickory" again, who has no idea of mincing matters in relation to the Bangor Convention and its objects. We quote largely from his communication.

"The Convention assembled—the larger portion of the Delegates to the same carried with them no authority whatever to represent the Democratic party for the very good reason that they were not by them elected or chosen. Hence as a necessary consequence it was not in its origin a democratic, but a Liberal Convention. A large majority of that Convention fairly represented the constituents. It is true they put on the mask of Democracy to hide their political complexion, but even this did not screen their sins. The Liquor question was the only question that governed and controlled the Bangor Convention, and it is utterly useless to deny it. The delegates assembled understood it. Those most skilled in political chicanery and wire pulling labored hard to keep this fact out of sight, but the loss settled after the cat out of the bag, and it spoiled the whole plot.

Take the speech of Col Carpenter as an example. He came out and denounced, and ridiculed the Maine law, and openly disclaimed that "regular" was what they were after, and the fact that his speech was by the convention received with uproarious applause, is conclusive upon the spirit of the Convention.

The fact that the Resolutions of the Convention said nothing about this question, only proves another fact, that this was an "artful dodge," on the part of the committee that reported them, and the rest of the convention so understood it.

Albert Pillsbury had given all the pledges to the Liberals they asked, both written and verbal—and for this reason, above all others, he was selected as a candidate.

The Liberals having succeeded in securing a nomination to meet their wishes upon the Liquor Question, had accomplished their object. Having done this, the next plot in this great political farce is to hoodwink and delude the people, as to the real character of the convention, and in order to do this in the successfully, the only controlling issue in that body was in the resolutions completely suppressed.

But there is another matter confronted with the sitting of the Bangor Convention, which should not be passed over in silence. I mean the fact, (and it is not denied,) that Mr Pillsbury, during the time that the convention was in session, kept intoxicating liquors in one room at the Bangor House, and dealt them out openly, free of cost, to all who would partake of the same.

Why should Liberals require pledges from such a man, as to his views upon the Maine Law? It would seem as if after having partaken of the intoxicating cup from his hands, and after having drank with him, they should have been satisfied that he stood flat footed beside their platform, if not on it. Talk about the moral character of a convention, with the successful candidate keeping an open grog shop, in its very doors, the members of that convention being its best customers. Shame! shame!

It is a humiliating, mortifying fact, that in the flesh and eyes of these facts, the Argus, Age, and other democratic papers in this State, tell the people that the liquor question had nothing to do with the Bangor convention.

These papers know, or ought to know, that the same consequences followed the establishment of the semi-official rum shop that follow in their train everywhere. They know or might know, that most of the members of that convention were before its close heavily laden with rum so that they were unfit to transact business. It is not our to try to cover up so disgraceful conduct that characterized that convention in this respect. It is fine to the people to know it, and they shall know it and if other well disposed men and patriots are misleading by voting for Pillsbury, let them do it with their eyes wide open and take the consequences.

The moral sense and moral feelings of the people of this State have been most shamefully trampled by the proceedings of the Bangor Convention. They not only disgraced the Democratic party but disgraced the State. They will hereafter be standing reproach upon all who in any way, or degree, sustained them. Every man who participated in the votes for Albert Pillsbury for Governor at the opening session of the Convention not only sustained but by his votes approved of those outrageous proceedings. He assigned them no higher station than the sink of iniquity at the Bell Bar.

I believe we are in what fairly called fast time, and fast it is, but I hope it will be duly corrected and when they fairly represent and reflect the free and honest well wishes and sentiments of the people are entitled to the respect of whatever party or organization they represent and nominations so made with such sanctions and sought to be binding upon all the members of the party which in any way have participated in making them. This is true Democracy. On the other hand conventions drummed up by old run down political hacks, intriguing office holders and office seekers, every one pledged and packed to meet the dictation of dishonest leading politicians, conventions which by drunkenness, profanity and riot, some of which conducted themselves a degree worse than a Tippling House, cannot and will not be regarded by the people as the expression of the Democracy of Maine, and

Great Excitement!

Among Carriage Makers.

THE subscribers have purchased the right to make, use and sell

Everett's Patent Coupling

for the Counties of Penobscot, Piscataquis, Waldo, Hancock, Washington and Aroostook. The advantages of this above Coupling over the old method of connecting the main part of the Carriage with the front part is such that it must come into general use when it is properly understood. High forward wheels can be used and we get rid of the galling irons, as the wheels do not strike the body, and the carriage turns in a very small compass, the hind wheels not describing more than 4 to 6 feet circle. It is perfectly simple, and not so liable to get out of order as the old method. Those who have used the above are fully satisfied of its utility, as certificates below show. It can be attached to old carriages at a small expense, and we are prepared to sell the right for shops, towns, and would sell a part of the above named Counties, at such a rate that any smart man, with a small capital, could realize a great profit from the sale of the above. Any person wishing information will receive immediate attention at our place of business, or by dropping us a line by mail, post-paid.

We have leave to refer to Messrs. L. B. Norcross, Chase & Littlefield, and U. S. Cone, Esq., who are using the same. D. W. MORRILL & CO.

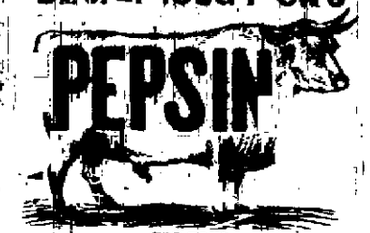
ANOTHER SCIENTIFIC WONDER!

OR, A CURE FOR

DYSPEPSIA!

Dr. J. S. HOUGHTON'S



THE TRUE

DIGESTIVE FLUID,

OR

GASTRIC FLUID.

Prepared from RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D., Philadelphia, Pa.

"DIGEST." Such is the true meaning of word PEPSIN. It is the chief element, or Great Digesting Principle of the Gastric Juice—the solvent of the Food, the Purifying, Preserving, and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming a TRUE DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it.

This is NATURE'S OWN REMEDY for an unhealthy Stomach. No art of man can equal its curative powers. It contains no ALCOHOL, BITTERS, ACIDS or NAUSEOUS DRUGS. It is extremely agreeable to the taste, and may be taken by the most feeble patient who can not eat a water cracker without acute distress. Beware of DRUGGED IMITATIONS. Pepsin is NOT A DRUG.

Half a teaspoonful of Pepsin infused in water, will digest or dissolve Five Pounds of Roast Beef in about two hours, out of the Stomach.

☞ The Scientific Evidence upon which this remedy is based is the most Curious and Remarkable.

Call on the Agent and get a Descriptive Circular, gratis, giving a large amount of Scientific Evidence, from Liebig's Animal Chemistry; Dr. Combe's Physiology of Digestion; Dr. Pereira on Food and Diet; Dr. John W. Draper, of New York University; Prof. Dunglison's Physiology; Prof. Silliman, of Yale College; Dr. Carpenter's Physiology; &c., together with reports of cures from all parts of the United States.

PEPSIN IN FLUID AND POWDER.

Dr. Houghton's Pepsin is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians. The Powder will be sent by Mail, free of Postage, for one dollar, sent to Dr. Houghton, Philadelphia.

☞ OBSERVE THIS!—Every bottle of the genuine Pepsin bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all druggists and Dealers in Medicines.—Price, ONE DOLLAR per bottle.

DR. MORSE'S INVIGORATING CORDIAL!

FOR GENITAL DEBILITY, IMPOTENCY, INCONTINENCE, OR NOCTURNAL EMISSIONS, &c. The astonishing success which has attended this invaluable medicine, for *Loss of Muscular Energy, Physical Weakness, and General Prostration*, of any of the consequences of youthful indiscretion, or indulgence of the passions in later years, renders it the most valuable preparation ever discovered. In fact as a remedy for the above complaints it stands unrivalled and alone. There is no other reliable remedy, or any that has authentically received the sanction of the Medical Faculty. The WONDERFUL VEGETABLE PRODUCTION of which this medicine is composed has been tested, and its virtues proclaimed by the highest names of the faculty of London, Paris, and the chief cities of Europe, as well as by eminent Physicians in this country. It is the only infallible remedy for NERVOUS, BRAIN and MIND COMPLAINTS—the mental physic so long sought for and never before found, the only agent that can exhilarate to MIND DISEASES. It will remove all nervous affections, DEPRESSION EXCITEMENT, incapacity to study or business, loss of MEMORY CONFUSION; thoughts of Self Destruction, fear of insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by Sensual Excesses, or evil practices. It has been said by some that these disorders, emissions, &c., were incurable. This however is not the fact.

DR. MORSE'S INVIGORATING CORDIAL, has, and is constantly curing these complaints—relieving the mental and bodily incapacity of the unfortunate sufferer, as the following testimony of the same received will conclusively show:

Dr. Woodward, of the Massachusetts Insane Hospital, writes of one of his attents being cured by using this cordial, thus:—"It gives me pleasure to inform you that one of my patients, while in Boston, procured some of your Cordial. He tells me that he has not had a single emission since he commenced taking it while before he had two or three a week. When he applied to me, says Dr. W., "I thought it hardly possible for him ever to regain his full strength. I prescribed the usual medicine used in those cases in the hospital, but they had no effect. In the meantime he purchased some of your Cordial, which has effected a cure I am sure no other medicine would. I shall ever recommend it whenever an opportunity occurs."

The nature of the maladies relieved by this Cordial are generally such as to leave the publication of certificates of course out of the question, and the proprietor could produce a host of the most conclusive testimony to show that the great reputation it enjoys was not accidentally obtained, but is firmly based upon its positive and apparently miraculous virtues. In all directions are to be found the happy results of healthy offsprings, who would not have been so but for the extraordinary preparation. And it is equally potent for many diseases for which it is recommended.

THE MEDICAL JOURNALS

have not in a single instance that has been at their disposal, given their sanction to any other preparation for the above complaints. It has in many violent and desperate cases, effected radical cures, after patients had been abandoned, and their condition pronounced hopeless by medical practitioners of the highest professional character.

THE COMMON EXPRESSION

Of those who have used this medicine—"I wish I had heard your Cordial high spoken of sooner, I would have taken no other." Incredulous in regard to its merits, having tried various medicines sold for the same purpose, different from Sarsaparillas) without deriving any benefit, I had almost given up all hope of obtaining a remedy, when I purchased some of your Cordial. It has exceeded my expectations in benefiting me—but it has not yet stopped the emissions since, although it has greatly weakened them. I am satisfied the fault is chronic."

Another says—"I had consulted many physicians. Some said I was incurable, others prescribed this thing and that, but I never received any benefit until I procured some of your Cordial. I am now completely cured, sound and well."

Another says—"I was once the victim of the effects of your Cordial had. Why had I not heard of it sooner? It would have saved me so much misery, and many a pang, besides years of manhood and bodily suffering."

CAUTION—Ask for Dr. Morse's Invigorating Cordial and take no other, as here are worthless imitations which will injure its unrivalled excellence, fame and sale, have been brought into the market. It will not cure, but will injure the female, but do good. Beware of Counterfeits, &c., (and try only this.)

Notice. Persons consulting the proprietor by letter, must enclose a fee of $5 to insure a reply, post paid, addressed to J. Morse, Jr., Boston, Mass., office 75 Sudbury street, Boston. The medicine for the speedy removal of the complaint will be safely forwarded to the whole country, and the advice and medicine will be sent free of charge or take no pay.

Prepared by M. Morse, Jr., New York City.

It is put up in pint bottles, and is warranted to cure. Dr. Morse's Invigorating Cordial, blown in the glass. Price $5 per bottle: 2 bottles $5, 6 bottles $12 and $24 per dozen.

N. B. Important advice accompanying each bottle.

The following certificate from Dr. John C Warren of Boston, was given 10 years since, but will last forever:

Boston, January 7, 1835

Having had occasion to observe that some persons afflicted with Hernia have suffered much from the want of a skillful workman in accommodating Trusses to the peculiarities of their cases, I have taken pains to inform myself of the competency of Mr. J. F. Foster, to supply the deficiency occasioned by the death of Mr. Heath. After some months of observation of his work, am well satisfied that Mr. Foster is well acquainted with the manufacture of these instruments, and ingenious in accommodating them to the variety of cases which occur. I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to those important articles.

JOHN C. WARREN, M.D, Boston.

CERTIFICATE. The following certificate is from Professor Stuart, of Andover Theological Seminary:

The undersigned having occasion to employ Mr. J. Frederick Foster, of Boston, in making and fitting Trusses for the relief of Hernia, takes great pleasure in recommending him to the favorable notice of such persons as may be afflicted with that and similar complaints. Mr Foster's success in the manufacture, and adapting them to the body, giving ease and comfort to the wearer, surpasses far as our experience goes, any other manufacturer of the article.

The numerous testimonials which he has received, together with the recommendations of that eminent surgeon, Dr J C Warren, as a sufficient guaranty for all who may favor Mr F. that his instruments will give entire satisfaction, and he will satisfy all reasonable demands for all equitable compensation. NEVER FAILING REMEDY!

Holloway's Ointment.

A CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS SUFFERING.

Copy of a Letter from Mr. Thompson, Chemist, Liverpool, dated August 20, 1852.

To Professor HOLLOWAY:

Dear Sir—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills, which has astonished every person acquainted with the sufferer. About ten years ago, Mr. W. Cummins, of Saltney Street, in this town, was thrown from his horse, whereby he received very serious injuries; he had the best medical advice at the time, and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip, which so completely crippled him, that he could not move without crutches for nearly 10 years, recently he began to use your Ointment and Pills, which have now healed the wound, strengthened his limbs, and enabled him to dispense with his crutches, so that he can walk with the greatest ease, and with renewed health and vigor. (Signed) J. THOMPSON.

A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE, WHEN ALL MEDICAL AID HAD FAILED.

Copy of a Letter from Mr. Hird, Draper, Keighley, near Gainsborough, dated March 1st, 1852.

To Professor HOLLOWAY:

Sir—Some time since, one of my children was afflicted with dreadful eruptions over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration, the effect was miraculous, for by perseverance in their use all the eruptions quickly disappeared, and the child was restored to perfect health.

I previously lost a child from a similar complaint, and I firmly believe, had I in his case adopted your medicines, she would have been saved also. I shall be happy to testify the truth of this to any enquirer. (Signed) J. HIRD, Draper.

CERTAIN REMEDY FOR SCORBUTIC HUMOURS—AND AN ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE OF A BADLEG.

Copy of a Letter from Messrs Walker and Co., Chemists, Bath.

To Professor HOLLOWAY:

Dear Sir—Among the numerous cures effected by the use of your valuable medicine in this neighborhood, we may mention that of an old lady living in the village of Preston, about five miles from this city. She had ulcerated wounds in her leg for many years, and latterly these increased to such an alarming extent as to defy all the usual remedies, her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills, and by the assistance of her friends, was enabled to persevere in their use, until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person, she being above 70 years of age. We shall be happy to satisfy any enquiries as to the authentic nature of this really wonderful case, either personally or by letter.

A private in the Bath Police Force, also, has been perfectly cured of an old scorbutic affection in the face, after all other means had failed. He states that it was entirely by the use of your Ointment, and speaks loudly in its praise.

We remain, dear sir,

Yours faithfully,

April 6, 1852 (Signed) WALKER & CO.

The Pills should be used conjointly with the Ointment in most of the following cases:

Bad Legs	Corns (Soft)	Scalds
